

Capturing ICD-10 Diagnoses when scheduling surgical cases in OR Manager

Please note starting **September 14, 2015** please document both ICD-9 and ICD-10 codes when booking cases in OR Manager. The goal is to become accustomed to using ICD -10 and to support financial clearance activities for both professional and hospital billing.

After October 1, 2015 please only use ICD-10.

Select most appropriate ICD-9 diagnosis and equivalent ICD-10 diagnosis codes by clicking in the appropriate radio box to the left of the code.

Type	Code	Description
<input type="checkbox"/> ICD9	599.7	Hematuria
<input type="checkbox"/> ICD9	599.70	Hematuria, Unspecified
<input type="checkbox"/> ICD10	R31	Hematuria
<input type="checkbox"/> ICD10	R31.9	Hematuria, unspecified

After codes have been selected, the codes will also appear at the bottom of the screen.

Pre-op Diagnosis:	
599.7	Hematuria
599.70	Hematuria, Unspecified
R31	Hematuria
