- ICD-10 is date of service/date of discharge sensitive.
- DO NOT enter decimal points when entering ICD-10 codes in Eagle
- ICD-10 diagnosis codes are 3 – 7 characters, alpha-numeric, and ALWAYS begin with a letter
- Remind providers to scroll to the right of their health issue to see ICD10 codes for Superbill
- Code conversions with multiple options should use the choices with bidirectional arrows
- Remind providers of the documentation assistance tools available to them in SCM (ICDx), EPIC (Diagnosis Calculator), and Crown
- Inpatient claims for October dates of service begin to generate starting October 6, 2015
- Most outpatient claims for October dates of service begin to generate starting October 12, 2015

Objective: Keep the organization informed of ICD-10 implementation success and insulate against any potential adverse impacts to patient experience and financial performance.
